General health and safety in the salon

My clients, my own and my family's health are my priority, therefore please follow all safety rules seen above.

If you have the following please DO NOT come to your appointment:

- Any symptom of Covid-19
- Cough
- Fever
- Flu like symptoms
- Been abroad in the last two weeks or in quarantine
- Or any medical issues that might be harmful for me and my clients.

If any of these apply to you, please let me know, I will be happy to reschedule your appointment when you have fully recovered or completed quarantine. Also, if you need to cancel due to these symptoms, I will not apply the cancellation fee that time.

Creating a relaxing, and happy place in the salon:

As you already know, I always make sure that I create a nice, relaxing, and safe environment in the salon. As part of the everyday service, I have invested in high quality PPE, Cleaning products, hygiene products, disposables and also an air purifier which will help to eliminate small particles from the air and keep the air clean and odorless.

All this information was written on 17th June as a preparation for safe re-opening. It might change in the next few weeks but basically all of the above will be in use as a personal and public safety measure.

Thank you for your understanding and cooperation.

Look forward to seeing you all in my "little bubble".
